

# Material Safety Data Sheet

## EQUIZAL

1. **Product Name** Equizal
2. **Information on Ingredients**  
**Composition**  
Zinc Oxide BP Grade  
Beeswax  
Tea Tree Oil  
Petrolatum  
Liquid Paraffin  
Castor oil  
Lanolin
3. **Hazards Identification**  
Symptoms relating to use
  - Inhalation Not applicable
  - Skin contact None under normal conditions – if irritation is present discontinue use.
  - Eye contact Do not put on eyes.
  - Ingestion Do not ingest.
4. **First Aid Measures**
  - Inhalation Not applicable
  - Eye contact Flush with lukewarm water for 15 minutes. Get medical attention if irritation results.
5. **Fire – fighting measures**  
Extinguishing media Carbon dioxide, dry chemicals, foam, water spray (fog).
6. **Accidental release measures**
  - Personal precautions None under normal conditions
  - Environmental precautions Biodegradable
  - After spillage / leakage Can be hosed down in normal sewage with plenty of hot water.  
Slippery walking.

- 7. Handling and storage**  
Storage Avoid microbiological contamination. Prevent condensation at surface. Store in container provided.
- 8. Exposure controls / personal protection**  
Personal protection  
-Respiratory protection None under normal conditions  
-Hand protection Heat protection above 45°C
- 9. Physical and Chemical properties**  
Appearance Ointment  
Colour White  
Odour Characteristic of Tea Tree Oil
- 10. Stability and reactivity**  
Materials to avoid Strong acids and oxidizers.
- 11. Toxicological information**  
Non-toxic under normal conditions of use.
- 12. Ecological information**  
No significant environmental hazard or adverse effect from human exposure resulting from the accidental release of this material is anticipated.
- 13. Disposal considerations**  
Send to landfill or incinerate. Federal, state or local regulation should be observed.
- 14. Transportation information**  
Not applicable
