Conditions for safe storage, including any incompatibilities.	The product does not require special storage measures. As general storage measures, sources of heat, radiation, electricity and contact with food should be avoided. Keep away from oxidising agents and from highly acidic or alkaline materials. Store in a cool, dry place below 25 °C. Keep away from direct sunlight. Store according to local legislation. Observe indications on the label.

SAFETY DATA SHEET – Flamezze EQ

Specific end use(s).

FLAMEZZE-EQ is a topical emulgel for horses with micellar solubilized *Boswellia serrata*, emollients and a unique blend of essential oils. It also contains hyper oxygenated triesters which improve permeation of oxygen into affected cells. FLAMEZZE-EQ is ideal for regular massage on muscles, tendons & joints. It is a nonstaining, easy to spread, quick drying formula with a mild cooling sensation.

INSTRUCTIONS FOR PROPER USE: Generously apply twice daily and massage gently into the affected area. After massage, the affected area may be bandaged if required.

8. Exposure controls / personal protection

Breathing protection:

If the recommended technical measures are observed, no individual protection equipment is necessary.

Hand protection:

If the product is handled correctly, no individual protection equipment is necessary.

Eye protection:

If the product is handled correctly, no individual protection equipment is necessary.

9. Physical and Chemical properties

Appearance	Emulgel
Colour	Buff
Odour	Characteristic
pH	6.3 – 6.35

10. Stability and reactivity

Materials to avoid Strong acids and oxidizers.

11. Toxicological information

Information on toxicological effects.

There are no tested data available on the product.

- A) acute toxicity; No conclusive data for classification.
- B) skin corrosion/irritation; No conclusive data for classification.
- C) serious eye damage/irritation; No conclusive data for classification.
- D) respiratory or skin sensitisation; No conclusive data for classification.
- E) germ cell mutagenicity; No conclusive data for classification.
- F) carcinogenicity; No conclusive data for classification.
- G) reproductive toxicity; No conclusive data for classification.

12. Ecological information

No information is available regarding the ecotoxicity of the substances present.

13. Disposal considerations

Send to landfill or incinerate. Federal, state or local regulation should be observed.

Do not dump into sewers or waterways. Waste and empty containers must be handled and eliminated according to current, local/national legislation

14. Transportation information

Not applicable

Transportation is not dangerous. In case of road accident causing the product's spillage, proceed in accordance with point 6
