### **Material Safety Data Sheet**

## **GOOD AS GOLD PASTE**

**Product Name** Good as Gold Paste

### **Information on Ingredients**

#### **Composition**

Crude Protein	7.53 %
Crude Oil	57.3%
Crude Fibre	0.2 %
Crude Ash	24.1 %
Moisture	1.94%

### **Hazards Identification**

#### **Symptoms relating to use**

- Inhalation	Not expected to cause a significant hazard under anticipated conditions of normal use.
- Skin contact	None under normal conditions.
- Eye contact	There may be irritation and redness.
- Ingestion	None under normal conditions.

### **First Aid Measures**

- Inhalation	Remove the person to fresh air and ventilate with fresh air.
- Eye contact	Flush with lukewarm water for 15 minutes. Get medical attention if irritation results.
-Skin Contact	It is recommended that the material be brushed off the skin and washed with clean water.

**Fire – fighting measures**

Extinguishing media      Carbon dioxide, dry chemical powder, alcohol or polymer foam.

**Accidental release measures**

It is acceptable to sweep up/vacuum the material. It might be appropriate to wash the area but local requirements should dictate this action.

**Handling and storage**

It is recommended that the product is stored in a cool, dry place. It is recommended that a sensible approach to handling the product to avoid contact with eye, skin, inhalation.

**Exposure controls / personal protection**

No special or specific personal protection measures are put forward for the handling of the product except for those relating to the handling of large quantities of non-toxic material as follows:

Respiratory protection: Use a suitable respiratory protective device

Hands protection:      Use gloves

Eye protection:      Use goggles

Skin protection:      Use suitable clothing

**Physical and Chemical properties**

Appearance:      Brown Paste

Odour      Odourless

Initial boiling point      >100 °C

Solubility in water (%weight) Soluble in water

**Stability and reactivity**

It is recommended that the product be protected from heat, flames and/or an ignition source for quality purposes.

The product is stable under normal storage conditions.

**Toxicological information**

Non-toxic under normal conditions of use.

**Ecological information**

No significant environmental hazard or adverse effect from human exposure resulting from the accidental release of this material is anticipated.

**Disposal considerations**

The product is biodegradable and it is thus not expected to result in any persistent environmental problems.

**Transportation information**

Not applicable

**Other information**

Recommended uses

Equine Neutracutical
